

CHRISTMAS 5-Days 2012 – Report to VOA Board November 2012

- All aspects of the carnival are either under control or within reach.
- Eventor is now fully functional and seems to be working with few problems.
- Online payment is now working with both PayPal and POLi (as a result of lots of much appreciated work by Craig and Ruth).
- 165 foot-O entries received to date.
- Will hopefully be able to edit and publish the carnival program in the next week or so.
- Kathy Liley has volunteered to get the entries from Eventor into MT (and I am truly grateful!).
- I believe that each of the contributing clubs have their event(s) in hand.
- Maps are to be printed by Jim Russell. **OCAD and Condes files will need to be with Jim by 10 December.** Jim will also ensure that the maps have a common appearance.
