

Xmas 5 Days 2012 and division of the money

The events and the clubs involved

AW - day 1, MTBO 2 & the Stanley barbecue
EU – MTBO 1
BK – day 2
YV – day 3
MF – Days 4 & 5

The barbecue deposits

An advance deposit is being paid for the barbecue and received with the entries. The rest will be collected at the event. All the deposit money will be handed over to AW.

MTBO entries

The MTBO clubs of EU and AW are offering EOD as well as pre-enter.
Please could the EOD entries and money be carefully accounted for by EU and AW so that the treasurer has the right information for the levies. She will calculate the levies for these events and hand back the balance of the pre-entry money split evenly between AW and EU.

FootO events

The rest of the entry money can be used to pay bills (on receipt of invoices or receipts) by the treasurer from the Orienteering Victoria account, and the levies collected. The balance will be divided by 5 and AW, BK, and YV will each receive one fifth. MF will receive two fifths as they are organising two footO events.

The levies from the events will be used to 'top up' the legacy account of Orienteering Victoria. The legacy account pays grants to overseas team members and NOL travel.

Ruth Goddard
Event treasurer
