

2015 Australian Championships Report – August 2013

Orienteering Victoria Board/Council Meeting

RECOMMENDATION

Actions or Decisions required---Advice or input on Sprint Rules as indicated in Agenda for Aug 18 Meeting.

OVERALL STATUS

Good

1. ACTIVITIES & PLANS

Meeting held in conjunction with Bush O Committee on Sun Aug 4. Next meeting set for Sun Aug 18 at Lake Eppalock.

Notes distributed following first meeting and agenda and discussion points sent for second meeting.

2. HIGHLIGHTS

Committee almost in place and portfolios mainly allocated. Awaiting response re Schools Coordination. Genuine enthusiasm with Eureka Club about whole carnival. Expect City of Ballarat to get behind it and media interest to be high.

3. ISSUES, CONCERNS & RISKS

Movement to determination of Bush elements dependent upon appointment of controllers. The sooner the better to move into this stage and have events allocated as far as mapper, course setter and club are concerned. This can then move to a progressive accountable phase. It can also allow for discussions with management bodies to commence.

Accommodation for schools teams. Awaiting response from caravan park re Cabin accommodation. School boarding houses either not large enough or not available. Pax Hill Scout camp may be next option down the line.
