

Hi Don and others,

A brief report on Easter 2013. Pre-entries closed at midnight last night: haven't checked the final numbers but a couple of hours prior we had c766 entrants. This is toward the top end of our projected range and should ensure the event produces a substantial surplus (but don't tell Wayne Swan). Other aspects of the event (eg maps, bibs and Event Program) are all on track and can be finalised now we know the total number of entrants. I'm expecting to produce Bulletin #5 within the next few days, but it will almost certainly be later than your 14 March meeting.

Best wishes,

John
