Issue re OV Insurance Cover

A Louise Lambert rang me enquiring about Personal Injury Insurance. She reported she had injured herself 14 months ago at western summer series...ankle turned out to be broken...she has on going issues. Wanted to claim thru OV.

I informed her of OV's insurance being Public Liability Insurance and not Personal Injury Insurance.

Subsequently I spoke with John Sheahan (BK contact) and then Ron Frederick (re legal side of things). Ron advised that as there had not been any allegation of negligence then there is no case to answer .No Incident Report Form had been filled in / sent to OCV office.

I returned call to Louise and explained insurance.

Parks Victoria

Brimbank Park has notified OV that when holding championships in that park, NO tent pegs or stakes can be used . Only sandbags or water containers to hold tents in place.
