

2015 Australian Carnival Report – August Year 2014

Orienteering Victoria Board/Council Meeting

RECOMMENDATION <i>Actions or Decisions required---None</i>
--

OVERALL STATUS	Good
-----------------------	------

1. ACTIVITIES & PLANS

Meeting held in Melbourne on Mon July 28, attended by Mark Hennessey, Mark Valentine, Ron Frederick and Ruth Goddard re Budget.

Whilst not all figures are set, sufficient wisdom was present to provide a reasonable guesstimate for most items and Ruth has prepared a spreadsheet which she will speak to briefly.

Mapping activities are in hand despite poor weather conditions over past month.

In the process of assessing an event logo.

Will prepare a revised brochure for distribution at 2014 WA Champs.

Have gained one quote for First Aid across the carnival. Looking for a second to come possibly via ACU students.

2. HIGHLIGHTS

Main infrastructure supplier has been contacted and the business base is located less than 1km from the assembly area for the Australian Long Championships.

Quote is one of those not yet received, but indications are that it is going to be within our projected means.

3. ISSUES, CONCERNS & RISK

One of the Colleges being used for the Sprint event has raised some concerns over movement around some staff areas and work sites. Discussions to soothe this concern have focussed on late start and ability to course set away from some identified problem areas. To date no follow up from school, so assuming for now that they have accepted this situation as they want to be part of the event – they are not looking for an excuse to back away.
