Most unpaid 'OV - with AO magazine' have only recently renewed membership. Figure can include 'Social' members of clubs who have paid for magazine; just one I think, Chales Zerafa.

All (16) OV life members need to renew their life memberships and update their contact details on Eventor, for 2015.

Each club should have a membership type for OV life members.

Partners of OV life members do not need to order OA magazine, but will still need to renew their membership individually.

Club Data: Members is the total membership in Eventor for that club.

Juniors and 'Social', i.e. non-OV members are included in this total.

Some members belong to more than one club.

Interesting to see the discrepancy between club and OV numbers.
