**Notes**

In the six months Peter, not Ralph claimed entry fees and the hosts did not claim for hosting Peter and Ralph. 30% of all earnings are taken by the Tax Office - there is no tax-free threshold (OV paid the tax on the scholar All coaching involved both Peter and Ralph - it would have been difficult for one person to set up the exercise

**For the future**

In future - there should be a contract between the visitors and Orienteering Victoria which clearly states the Host families have stated that their payment for hosting should be higher (is the present level too low to claim
