

OV Membership Report 16/01/2017

Though all clubs have set up their membership fees for 2017, not all clubs have sent out the renewal reminder. There was more concern and confusion expressed by members over the mix 'n match membership fees for OV. Over 30% of members have renewed their membership.

Most of the 11 new members are members who had allowed their membership to lapse. Wally Cavill is still listed as a life member of OV but a request was made to remove his name from the online membership list.

I spent considerable time trying to reconcile the discrepancy in adult/Junior membership numbers between the club and OV data with no success. Separate to this, there is one junior who is registered as a second club member of two clubs without being an OV member. There are also 4 members of ARDF who are registered as second club members of BK without being members of OV.

I appreciate the efforts of Club Eventor Reps to set up their membership structures and assist members with their membership enquiries.
