Professional Development (Level O) course.

Wed 13th April, Dandenong High School x 7 staff.
High level of competency and interest by staff. Starting O program with 'accelerated' students at Year 7 x 52, using three new O maps just completed. Hoping to follow up with participation at VSSOC and Outdoor Ed staff interested in Level ONE NCAS course. Currently use Cardinia R Pk permanent course.

VSSOC 2016

- Map has been fieldchecked, updated, control sites tagged and courses set.
- This year electronic results display will be trialled.
- Entries trickling in.
- Good number of volunteers have already registered.

Eastern Summer Series Inter School Challenge.

Small grant applications.

As reported in March, OV has been successful with its defibrillator grant application. Paperwork has been completed and unit shd be delivered shortly. OV must then undertake providing a training course for its members within 3 months.

Those O clubs who were unsuccessful in Round 1 were automatically put into the Round 2so hopefully more defib units will be allocated.

ASC Sporting Schools

OV has serviced the following schools in Term 2

1. Lilydale Primary School
2. Our Lady's PS – Surrey Hills (ongoing)
3. Brunswick South PS
4. Our Lady's PS – Brunswick (starting soon)
5. Keilor Views PS (starting soon)
6. Lara Lake PS (starting soon)

Schools for Term 2 or Term 3

1. Strathewen PS
2. Coimadai PS
3. Elphinstone PS
4. Campbells Creek PS

SRV

1. Michelle Khuu, SRV consultant, met with me at Westerfolds on Thursday 24th March 10.30am to discuss funding and workpans.

- Agreed with deleting the OA funded small projects from SRV grant.
- SRV will not fund MYOB training
- Happy to use grant twds Eventor upgrades.

2. Michelle has supplied the WORKPLAN framework to be completed within 8 weeks.

3. Ideally if OV can draw up job description for the Project Officer, then new employee can take ownership and responsibility for the workplan.

BTW - OV is required to complete an annual workplan and a second for the 3.5 years of funding.

4. Grant payment should be processed in next couple of weeks!

Smartphone Orienteering.

Don Fell is continuing to work on geo-referencing and testing each of the 6 permanent courses. He is working closely with Peter Effenev in tweaking the MyOMaps App.

I believe the target to release the courses and actively promote MyOMaps use will be achieved by mid June.

Tenancy Update

Re OV telephone. Gradually Telstra is reducing the functionality of the landline telephone system. I can longer change the message and some people have reported inability to make call to OV using the landline.

I am awaiting advice from Outdoors Victoria on next step to take. This cd be very imminent!!!

I am happy for the internet connection to remain as 'shared' – current situation.

Guest Speaker

On Thursday 14th April I was invited to be the Guest Speaker at the Melbourne Branch of the Australian Deer Association, to provide map and compass instruction for hunters! 73 people attended and the feedback was most positive. Some expressed interest in attending orienteering events to learn more of the basic skills.
