

# Education Manager and Sports Administrator Report- OV Board meeting 21<sup>st</sup> July<sup>th</sup> 2016

## General

Since Friday 24<sup>th</sup> June I have taken 'compassionate' leave due to my husband suddenly becoming critically ill. Ian has been in Intensive Care for 23 days and only yesterday was moved out of ICU and into a Renal Ward. Medical advice is that his road to recovery will be slow and long – many months.

I advised Ruth Goddard that I was taking time out but that I wished to remain working to maintain mental stimulation and keep the education programs moving along.

I am balancing shorter working days with hospital visiting and manage to undertake some work from home.

## Schools Serviced (Mid June to Mid July)

1. Marymede Catholic College Yr 10 O.Ed students @ Hawkstowe Pk
2. Outlook for Term 3, 11 schools have made bookings for school sessions from late July to mid September.

## Schools Mapping

1. Hume Anglican Grammar – completed
2. Nayook Outdoor Centre ( Nr Powelltown) – completed
3. Woorabinda Outdoor Centre (Yallourn North) - completed

## VSMTBO 2016

Entries close in 10 days.

Map has been updated, course set and sites tagged.

Jim Russell advised that he will be overseas this year at same time as these championships. He mentioned Chris Naunton could be his replacement handling the IT and OE program. In discussion with Chris, I offered him the same hourly rates and expenses as I would have paid to Jim and for which I had budgeted. Chris quoted a rate far higher which would exceed over 50% of the income from entries.

I asked around the MTBO volunteers and Pierre Brokner has agreed to undertake the IT/OE work, with Peter Cusworth being his mentor. In the long term this may be advantageous to VSMTBO champs.

## Re Bendigo Primary Schools Champs 2016

Jim Russell has advised that this event does not have an organiser, so it is doubtful it will proceed.

## ASC Sporting Schools

### Schools for Term 3

1. Strathewen PS
2. Campbells Creek PS/ Guildford PS
3. Avondale PS – cont from Term 2.

## General comment

Many schools have made enquiries and have applied for ASC funds but have not received confirmation that

they have received the funding. For schools it can be a balancing act between a number of funded sports. Flexibility is the key to this program.

## Mapper and Instructor availability

A number of the current mappers (3) and Instructors (4) are currently away travelling and not available to work on the program. So I am happy if the demand is lower over the cold and wet Term 3.

## ASC SS mapping

- Elphinstone PS – map being extended by Ken Dowling
- Fawkner Park has been updated by Andras Bogdanovits for future use by two school adjoining the park – South Yarra PS and Christ Church Grammar School.
- East Bentleigh PS – Andras Bogdanovits – underway

## Additional ASC SS funding.

Orienteering Australia additional funding to OV for ASC SS program.

OV has received two rounds of funding to assist with –

- administration of the project – hours, office OPE
- mapping software
- other expenses not covered by user fees.
- 1. \$7442
- 2. \$8000

## SRV

Michelle Khuu has recently contacted me advising that a number of the KPI's need to be more specific. I requested an extension of time – granted.

Those with a copy of the Workplan – refer to the following:

2(a) How many people will receive social media training

2(b) Number of website visits?

3(a) How many local coaches will be involved working with the Coaches in Residence?

5.(a) Re workshops provided

How many participants will attend and How many Club will be represented?

## Defibrillation machine and training.

St John's have delivered Orienteering Victoria's machine. The arrangement is that Peter Yeates (DROC) will carry/ transport this machine to Bush O events.

Orienteers to attend the training session run by St Johns on Wed 6<sup>th</sup> July

Laurie Niven, Mike Hubbert, Matthew King, Bernie Holloway, Rob Edmonds

## Re Project Officers position.

Can Board please provide an update?

Peta Whitford 18.07.2016
